The content creation solution

You wish to create training content, assessments, and questionnaires quickly and easily even when you are offline.

MOS Solo is an intuitive, easy-to-use authoring tool that helps you meet this challenge.

Designed for trainers by trainers, MOS Solo combines ease-of-use and a broad range of functionalities for an optimised instructional design.

Simplicity

MOS Solo is an intuitive tool that offers contextual help, help to content creation, content preview in creation mode, predefined, open and adaptable templates.

Customisation

You can adapt the graphical appearance of your eLearning content to the visual identity of your company.

Adaptation

The content created in MOS Solo is SCORM compatible and adapted to mobile use.

Interactivity

You can integrate any type of media and documents and increase the interactivity of your eLearning content with a whole series of ready-made interactive exercises and assessments.

Smart Learning Solutions

Content editor

Create courses, exercises & evaluations
